

JUNIOR SAFETY OFFICERS

April Bulletin

SAFER PLACES TO PLAY

Playing outside is great fun and there's so many different places. However some are safer for us to play than others:

Safer Places to Play

- Parks
- Play areas
- Football pitches
- Large grass areas
- School playgrounds
- Your garden or friend's garden
- Places where people can see you

Places NOT to Play

- Train tracks
- Motorways
- Bridges
- Rivers or Canals
- By water
- On a road
- At the side of the road

The Role of the Police

The Police have many roles to try and keep us safe.

These are:

- Protect and help everyone
- Keep us safe where possible
- Prevent crime
- Support schools and communities
- Provide a visible presence where you live. That means we could see police officers near our school

We also have a local PCSO who can help us with our Junior Safety Officer work too. PCSO stands for Police Community Support Officer and they often go into schools to pass on messages about how to stay safe.

Gardens and parks are great places to play as they are away from roads. Football pitches can be used for lots of different games as they are large open spaces.

Can you think of places like this by your home?

WHEREVER YOU PLAY, ALWAYS TELL AN ADULT WHERE YOU ARE GOING, WHO YOU ARE GOING WITH AND WHAT TIME YOU'LL BE BACK.
